* The M. Ed in Educational Technology Leadership at Northwestern State University qualifies the candidate for both the Educational Technology Facilitator and Educational Technology Leader add-on certifications

CERTIFICATION

This degree may lead to add-on certification in the State of Louisiana. Out of state requirements are different.

ACCREDITATION

Northwestern State University is accredited by the Commission of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia, Telephone number 404-679-4501) to award associate, baccalaureate, master's, and specialist's degrees.

Northwestern's College of Education and Human Development has been continuously accredited by the National Council for the Accreditation of Teacher Education (NCATE) since its initial accreditation in 1954. The College must include in its accreditation review all initial and advanced programs that prepare teachers and other school professionals to work in preschool through 12th grade settings. NCATE uses six standards to holistically evaluate Northwestern's professional education unit. Additionally, each initial and advanced program must meet professional standards and be nationally recognized.

Through the process, NCATE assures the public that graduates of accredited institutions have acquired the knowledge, skills, and dispositions to help all P-12 students learn and/or to create supportive environments for student learning.

Advanced programs for preparing the professoriate or non-school personnel are not within NCATE's scope of authority.

The M.Ed. in Educational Technology is accredited by ISTE.

NOTICE OF NONDISCRIMINATION

It is the policy of Northwestern State University of Louisiana not to discriminate on the basis of race, color, religion, sex, national origin, age, or disability in its educational programs, activities or employment practices.
